SUMMARY

Certified data analyst with a Master's degree and a self-driven transition into data: trained and certified in SQL, Python, Excel, Power BI, and Tableau, with hands-on freelance experience turning raw data into reports and dashboards. 5+ years of real business record-keeping (sales, stock, cash). Bilingual Arabic-English (C1) — able to document, present, and report analysis clearly to any audience. Available full-time, immediately, anywhere in Algeria or abroad.

TECHNICAL SKILLS

- **Analysis:** Data cleaning, exploration, and analysis; descriptive statistics; SPC control charts
- **Languages & tools:** SQL (queries, joins, aggregation) • Python (Pandas, Matplotlib) • Excel (advanced: pivot tables, formulas)
- **Visualization:** Power BI and Tableau dashboards; clear visual reporting for non-technical stakeholders
- **Concepts:** Data engineering, data governance, and data warehousing fundamentals

CERTIFICATIONS — DATA & ANALYTICS

- Career Essentials in Data Analysis • Become a Data Analyst • Business Analysis Essentials (LinkedIn Learning)
- SQL: Complete Introduction • Python Data Analysis & Visualization Masterclass (2023) • From Excel to Tableau
- SPC Control Charts in MS Excel • Data Engineering Foundations Professional Certificate (Astronomer)

EXPERIENCE

Freelance — Data Reporting & Analysis *Remote / 2021 - Present*

- Built data reports and visualizations for clients using Excel, Python (Pandas, Matplotlib), and Power BI.
- Collected, cleaned, and structured data from online research into decision-ready summaries and tables.
- Delivered written analysis in English and Arabic, adapting technical content to non-technical readers.

Store Manager — Retail Business (family-owned) *Khenchela / 2019 - Present*

- Tracked daily sales, cash, purchasing, and stock records — 3+ years of hands-on business data ownership.
- Used sales and inventory patterns to guide purchasing and reduce dead stock; supervisory-only since 2025.
