

KAMEL AGGOUN

Data Analyst

Excel | Power BI | SQL | Python | Data Visualization & Reporting

Khenchela, Algeria • +213 662 804 513 • kamel9aggoun@gmail.com • [Portfolio](#) • [GitHub](#) • [LinkedIn](#)

SUMMARY

Certified data analyst with a Master's degree and a self-driven transition into data: trained and certified in SQL, Python, Excel, Power BI, and Tableau, with hands-on freelance experience turning raw data into reports and dashboards. 5+ years of real business record-keeping (sales, stock, cash). Bilingual Arabic-English (C1) — able to document, present, and report analysis clearly to any audience.

SELECTED PROJECTS

HR Analytics — Employee Attrition Case Study *Python • SQL • Power BI • Excel* / [GitHub repo](#)

- Analyzed attrition across 1,470 employees (IBM HR dataset): 16.1% vs 10% benchmark; key drivers — low job satisfaction (22.8% vs 11.3%) and lack of training (27.8% vs 9.2%).
- Cross-validated SQL queries against pandas; delivered a Power BI dashboard and an executive report mapping each insight to a concrete HR recommendation.

Customer Segmentation — 1.07M E-Commerce Transactions *Python • NumPy • Power BI* / [GitHub repo](#)

- Built RFM segmentation for a UK online retailer: top 10% of customers generate 63.2% of revenue; “Champions” (21.9%) produce 69.3%.
- Delivered a four-page BI dashboard and a prioritised set of marketing actions based on segment value.

TECHNICAL SKILLS

- **Analysis:** Data cleaning, EDA, RFM segmentation, descriptive statistics, SPC control charts
- **Tools:** SQL (SQLite, MySQL) • Python (Pandas, NumPy, Matplotlib, Seaborn) • Excel (advanced)
- **BI & concepts:** Power BI & Tableau dashboards • reporting for non-technical stakeholders • data engineering & governance fundamentals
- **Certified:** Data & Business Analysis tracks (LinkedIn Learning) • SQL Complete Introduction • Python Data Analysis & Visualization • From Excel to Tableau • Data Engineering Foundations (Astronomer)

EXPERIENCE

Freelance — Data Reporting & Analysis *Remote* / 2021 - Present

- Built data reports and visualizations for clients using Excel, Python (Pandas, Matplotlib), and Power BI.
- Cleaned and structured data into decision-ready summaries; delivered analysis in English and Arabic.

Store Manager — Retail Business (family-owned) *Khenchela* / 2019 - Present

- Tracked daily sales, cash, and stock records; used sales patterns to guide purchasing. Supervisory-only since 2025.
